Wake up, our life is calling
We're smoking but not on fire
Give us a sign that we're alive

Step out of indecision
How we've been hypnotized
To think that everything's all right

The clock is counting down
The clock is counting down
The seconds tick away
The seconds tick away

This is our time
Without a doubt
Time to ignite
We're not going down
(Without a fight)

This is our time
Get up off the ground
Take what is mine
We're not going down
Without a fight

Let's go, the curtain's open
Get this show on the road
I wanna feel my heart explode

No more procrastination
Tracking my feet below
Now, I want everyone to know

The clock is counting down
The clock is counting down
The seconds tick away
The seconds tick away

This is our time
Without a doubt
Time to ignite
We're not going down

(Without a fight)

This is our time
Get up off the ground
Take what is mine
We're not going down
Without a fight

Yeah, come on, come on, come on
Come on, come on, come on

We must pick up the pace
No time to play it safe
Before you know it's much too late

This is our time
Without a doubt
Time to ignite
We're not going down
(Without a fight)

This is our time
Get up off the ground
Take what is mine
We're not going down
Without a fight

Fight
Fight
Fight
