

Hoodoo Gurus "I Don't Mind"

Visit "[I Don't Mind](#)" on MotoLyrics.com

I don't mind the sweet taste of success
I don't mind making do with less
Take things as they come
That's my only rule of thumb

I don't mind that stage you're going through
If you must, then do what you must do
All I have is yours
I only want you to be sure

I don't mind
(Ooh)
I don't mind, no, not I

I don't mind Jesus or His squad
I'm not afraid, I'll face anybody's God
Follow your own creed
If my freedom's guaranteed

I don't mind, no, not I
I don't mind, why should I ?

Follow any creed
If my freedom's guaranteed
I don't mind

I don't mind when my dreams come true
And what about when they seldom do ?
I don't mind 'True love and happiness'
Well, that's fine but I'll take second best

Take life as it comes
That's my only rule
My rule of thumb
