

Hoodoo Gurus "Mars Needs Guitars"

Visit "[Mars Needs Guitars](#)" on [MotoLyrics.com](#)

I'm primitive, I'm a primitive man
I got a primitive girl, we make primitive love
I'm a stone age Romeo, I got a space age Juliet
We make primitive love 'cause I ain't got a TV set

I'm primitive that's what I am
I'm your primitive mate, I wanna be your man
I want you darling, you know I'm hip
Fly me to Venus, in a real gone rocket ship

I'm a primitive man, I said, "I am"
You're up to date but I can't wait
I'm a stone age Romeo, be my space age Juliet
We'll take guitars to Mars and hit the discotheque
