I don't like to interfere
But I've gotta say I've "had it up to
here",
I always hate to see you crying in
your beer.
You and her have had a fight,
Well, that seems to happen every other
night.
She thinks nothing that you do is ever
right,
Is that right?
You're gonna make her walk
The more you try to crawl.
If you don't please yourself you'll
please no-one at all.
Man to man, I think its sad -
You think happiness depends on feeling
bad
(Now I see why she's the best you've
ever had).
And you want more of the same.
Truth be told, you both enjoy this
little game
But when it ends you'll only have

yourself to blame,
That's the shame.
If you don't take a stand
You're bound to take a fall.
If you won't help yourself you'll help
no-one at all.
So please yourself.
I don't want to pick a side.
You both do whatever gets you through
the night
But you better take this chance to put
it right.
You're gonna make her walk
The more you try to crawl.
If you don't please yourself you'll
please no-one at all.
No-one at all.

If you don't love yourself you'll love
no-one at all.
No-one at all.
So please yourself.
