I watched you every day
Saw the addiction get worse
Fuckin' lied, when you cried
Stole from your friends

I stood by your side
And watched you grow thin
Saw you pullin' tricks
Sucking dicks to get the next taste

Saw you under the freeway
Taking handouts of cash
I know you ain't eatin'
Yo, that shit's for your stash

Your food is dope, there's no hope
When your needles are friends
Days are too short
When your life's at its end

Shit kills us all to see you like this
I know how it feels, to feel this
Wake up every day
Not knowing what's next

Lately life's not doing us right
The feeling's not there
I sleep these days away
At night I fear, wish you were here

Death won't steal you away
Not this time, I'm by your side
Won't lose, caught up heroin sick
Life brings us down

Death won't steal you away
Not this time, I'm by your side
Won't lose, caught up heroin sick
Life brings us down
