37 years ago a witch done put a spell on me
The spell where when I'm talkin' I'm singin' it with
Glee.
When you're always singin you've got to live alone
That's why I made this mountain shack my home.

And when you're on the mountain, you got no
Guarantees.
That life will turn up roses or turn out as you
Please.
When you're on the mountains, there's lots to be
A'feared.
That's why this here old mountain goat's prepared

Be prepared, be prepared,
This lesson must be shared,
This lesson must be shared,
Be prepared!

Be prepared, be prepared
And unless you got a spare,
You got one life, so handle it with care

(Goat yodelling)

I got horns that open bottles,
And I got horns that holds my keys,
I got horns that when you turn'em right, they help me
Watch TV.

I got horns that open pickle jars,
And horns that come with hair,
I got horns that hang my other horns-
I always come prepared.

Be prepared, be prepared,
And unless you got a spare,
You got one life, so handle it with care

Yeeehhhh! Keep you hands and feet inside of the
Vehicle at all times!

(Goat yodelling and more)

Ooooh, an avalanche is comin' and I do not fell
Prepared,
It's rumblin' like a mountain lion, I must say
I'm scared,
And if not for the witch's spell you'd hear how
I scream,
But since I'm only singin', I'll just Yodel till were
Creamed!
