Chorus x4

Orange mound nigga orange mound  
Orange mound nigga then we gonna turn it out

Mafia is what I claim  
O-D-P is where I dwell  
M-town with a prophet mind  
To make you will live in hell  
Stickin' to my plan  
Deep in evil land  
paper chasin' money freaks  
Make em' chrome  
Move it watch my murder rate (quickly increase x2)  
Teh god god is on my (??)  
Like a (shadow master x2)  
Beat through your windows  
On the news I'm labelled child molester  
But I'm just another orange mound nigga that you love  
to hate  
Slowly risin' to the top and fuck what a nigga say  
Niggas ain't shit but a nit from a monkey's dick  
Slapin' on bananas with no peel bitch  
Feel this  
Mafia, picture from the mountain of doom  
Causein' much distruction  
Check your heart  
Because it's (full of doom x2)  
Hennessy will thinks??  
For the once you love to (talk shit x2)  
Dislocate your arm and make you do the bank head  
bounce bitch  
By this N-Y-P  
Never be flippin this record  
Controllin' the end of the mally mally  
When you hear it and feel what you playin'  
You ain't nothin' but costly hoes  
What you nine

Chorus x4

We comin'

We comin' to invade your motherfuckin' home  
Can't nobody save you bitch because we know you all  
alone  
Phone lines cut  
You been a real or chump up with this click  
Shouldn't of ran your mouth because your mouth gets  
you in trouble trick  
Talkin' shit I would not recommend for you to do my nit  
Prophet runnin' over suckas tryin' to get a fuckin' gig  
What I say is real  
You don't have to fear or feel me  
When you cross you take a loss  
That's when you have to deal with me  
Callin' me but did ever before because you know we  
got to rise t-o-p  
Quick to make my pocket fatter  
And then I got to make a plan to abort my case  
Prophet bitch are down because it's written all over  
your fuckin' face  
I touch ya 4-4-4  
Never test a lonesome child  
O-N-P what I be throwin' through the crowd buck wild  
Let me get my porno clothes  
And my point has just bee said  
And I know your ass scared bitch  
Cause piss runnin' down your (leg x3)

Chorus x4  
Orange mound...till fade
