Nervous night, time on my hands
Private invasion of the promised land
Two on the run, that's you and me
Maybe we can make it through this emergency

Oh, nervous night, African queen
We said so many things we didn't mean
Maybe another day, maybe it'd be alright
Ohh, nervous night

Right outside, shiny and clean
A million vegetables, I must be dreaming
On my window ledge, can I crawl through
Look out, look out below, baby, coming for you

Oh, nervous night, African queen
We said so many things we didn't mean
Maybe another day, maybe it'd be alright
Ohh, nervous night, ohh, nervous night, nervous night,
ohh

I try to speak, my senses fail
But you're just laughing while the sirens wail
All around the world in the Globe Hotel
If Isabella has her way it's gonna be a nervous day as
well

Oh, nervous night, African queen
We said so many things we didn't mean
Maybe another day, maybe it'd be alright
Ohh, nervous night, ohh

Oh, nervous night, African queen
We said so many things we didn't mean
Maybe another day, maybe it'd be alright
Ohh, nervous night

Ohh, nervous night
Ohh, nervous night
Ohh, nervous night
