Found a reason to dig deep down
There's a part of you that I ain't found
That's in your deeper side

Instead of wondering what I should do
I tried to learn a couple things about you
From your deeper side

Show me your deeper side
(Show me your deeper side)
Show me your deeper side
(Show me your deeper side)

Show me your deeper side
(It's a mystery)
Yeah, I would give most anything to see

There's a lot of things that I would know
If you would let me climb into your soul
And see your deeper side

Everybody always seems so pure
Then they show you what their heart stands for
In their deeper side

Show me your, yeah
(Show me your deeper side)
Show me your deeper side
(Show me your deeper side)

Show me your deeper side
(It's a mystery)
I would give most anything to see

You think the world has got your number now
You cry about it but you know somehow
It's your deeper side, yeah

I heard you wishing you were someone else
But all that's stopping you from being yourself
Is your deeper side

So, show me your deeper side
(Show me your deeper side)
Please, show me your deeper side
(Show me your deeper side)

Oh, show me your deeper side
(It's a mystery)
Yeah, I would give most anything
And I would give most anything
You would give most anything to see
Show me your deeper side, oh, yeah
