(Haa haa)

Robinn' Robin in the tree

Won't you come down here, rescue me?

'Cause there's some places else I gotta be

And you could stand in for me for awhile

Come on now hurry down

No time to play around

I need someone to walk this mile

She jumped and said like a child

"Love is gone and now I see

You've gotta capture me to set me free"

Miss Mina came to me in a dream

She said, "Boy come and walk with me"

There's someplace else I've got to see

So we strolled along the mountain high

She called me boy, my friend

And I, wondered if or even when

I'd see, Greta and my rose again

The time has come for dealing

Lessons learned and now I see

You've gotta capture me to set me free

And I flew on the wings of a bird

And I whispered names of girls that I once knew

Then she disappeared into a fallen stream

Robinn' Robin in the tree

Won't you come down here and rescue me?

'Cause there's someplace else I gotta be

You could stand in for me for awhile

Come on now hurry down

There's no time for you to play around

I need someone to walk this mile

She jumped and said like a child

"Love is gone and now I see

You've gotta capture me to set me free"

Lessons learned and now I see, hey
You've gotta capture me to set me free
