Tomorrow used to be a day away  
Now love is gone and you're into someone far away.  
I never thought the day would come  
When I would see his hand, not mine,  
holding onto yours because I could not find the time.  
Now I can't deny  
nothing lasts forever  
I don't want to leave  
and I see the tear drops in your eyes  
I don't want to live to see the day we say goodbye  
Now there comes another part of life that I call alone  
sitting at a bar with Chris  
and I can't leave 'cause my house ain't no home, no.  
I just wanna touch you girl  
I wanna feel you close to me  
Without your love I would give up now  
and walk away so easily.  
So maybe while you're young

We'll figure out together  
that even with the pain, there's a remedy  
and we'll be all right  
I don't want to live to see the day we say goodbye.  
When I first met you I couldn't love anyone  
but you stole my dreams and you made me see  
that I can walk under the sun  
and I can still be me  
and now I can't deny nothing lasts forever.  
But I don't want to leave and see the teardrops in your  
eyes  
So baby while we're young let's figure out together  
that even with the pain there's a remedy  
and we'll be all right.  
I don't want to live to see the day we say goodbye,  
we say goodbye, oh goodbye, goodbye.
