I met a girl just the other day
Stop to talk she had a lot to say
She told me all about her politics
She told me somethings that made me sick

I don't want just to call her up
Tell her I love her and tell her how much
She don't need that anyway
And what she don't need is a bigger head

Michelle Post knows all about it
But she don't want just to talk about it
She got everything that she believes in
She got something and she won't let me in

I met a girl just the other day
Stop to talk she had a lot to say
She told me all about her politics
She told me somethings that made me sick

Michelle Post knows all about it
But she don't want just to talk about it
She got everything that she believes in
She got something and she won't let me in

Won't let me in
Won't let me in
Always me
