I fall in, she sees me and smiles
Then she starts to hate herself again
She screams something under her breath
That I wouldn't know if she said it out loud

She turns over to start a conversation
With a man that no one else can see
She dreams of lovin' me sometimes
And she makes me see what we've been missin'

It's like I never knew anyone so strong before
She brings the man outta me
And she makes me see that they don't matter

I believe, we see her playin' with another
She runs around you and then
It's like the sun goes down
And she crawls away again

She wears white pants
A Miami sweater
She says that she loves the O's
So Uncle Dean will come by

Her smile is like sunshine
Her tears hurt like leather
She runs the show, she lets me know
Says it's all about being the only

It's like someone said you could have one good thing in
your life
She couldn't be your type
I didn't plan for your smile
But you make me laugh when you stand dreamin'

I believe, we see her layin' with another
She runs around you and then
It's like the sun goes down
And she crawls away again

Where were you yesterday?
Now that my heart is wild and free

And my lips have room to wander

How can I say you're needin' me now?
When I've got a plan
I know you don't understand why my heart is sorry now

I believe, we see her waitin' with another
She runs around you and then
And like the sun goes down
And he crawls

I believe, we see her waitin' with another
She runs around you and then
It's like the sun goes down
And he crawls away again
