Hey little girl, with your tight jeans Where ya runnin' to,
can't you see me I'm a man, who wanted to love you
But you told me no, then you walked away I tried to
hold you but you let me down Now you got me
screamin', yeah. I got home late one night, and I found
you in my bed, with another He used to be my friend,
now he's your lover. I said well that's O.K. and then I
start to cry I say I didn't need you anyway, but you know
I'm a liar. I tried to hold you but you let me down Now
you got me screamin' yeah, yeah, yeah. Go ahead Now
I give you one more chance We had some fun, but now
it's over man I found another, another lover and now
she's movin' in, yeah, yeah, yeah. I tried to warn you
but you let me down Now you got me screamin', yeah,
yeah, yeah
