Can you see me there
When I'm standing alone
How did you know
I needed you here
Can you feel the screams from the depths of my soul?
Is that what makes you appear?

See I often wonder
In the presence of this all
What we did to become this way
And I'll never forget
When you whispered to me
Said don't worry, it'll be okay

Sometimes the sun calls our names
And sometimes we'll listen
Sometimes the devil's there
But we just can't go with him

Can you hear me now
When I'm standing this close
Can I tell ya one of my fears
See I hope you live to sing when I die
Cuz if you're gone
I don't think I wanna be here no more

Cuz sometimes the sun calls our names
Sometimes we listen
And sometimes the devil's there
But we just can't go with him

Sometimes the sun calls our names
Sometimes we listen
Sometimes the devil's there
But we
Just can't go with him
