Batter sea how it is  
It's over forget  
Memories full of chocolate  
I've got to get over it forget

Your world is different than mine  
I've got to get over, I've got to forget  
And 'surd' is the one I don't like  
I'm afraid of him, I've got to forget

Knocking on the blue water  
It's over forget  
Praline and chocolate ice  
Got to get over, forget

Your world doesn't match with mine  
I've got to get over I've got to forget  
And 'surd' rules your friend's life  
I'm afraid of him I've got to forget
