Long black dress
Hawaian shirt
Kicking pair of trainers
Electro shock faders

Guiding your voice through your veins
Sick of all this working
Longing for a sinking

Long black dress

Kicking pair of trainers
Electro shock faders

Guiding your voice through your veins
Sick of all this working
Longing for a sinking

Ship that rules the bottom of the sea
A bottle as a prison not really my idea
Of a perfect environment it makes you see
Everythings a blur
Do you know what I mean
