Everybody wants one, everybody's got one  
Everybody, everybody wants to be loved  
Everybody wants one, everybody's got one  
Everybody, everybody wants to be loved

Is it you who's going to guide me  
Through this labyrinth of poems?  
Is it you that's going to make me  
Gonna make me feel home?

Everybody wants one, everybody's got one  
Everybody, everybody wants to be loved  
Everybody wants one, everybody's got one  
Everybody, everybody wants to be loved

Is it you who's going to guide me  
Through this labyrinth of poems?  
Is it you that's going to make me  
Gonna make me feel home?

And every time we live together  
We just die a bit more  
So why don't we just stop?  
Oh, let's just stop to adore  
Why is it so hard to make the right choice?
