Tell me why do you always forgive the things I do to  
you  
You're too good or am I not too bad?  
Those six years were the best that ever happened to  
me and you  
No regrets after all this fear

We'll always be best friends  
Something between you and me  
We'll always be best friends  
Something between you and me

So tell me why I can't find satisfaction somewhere else  
Not good enough or am I way too bad?  
Those six years I consumed all your energy and I didn't  
replace  
Sad enough I can't give you what you need

We'll always be best friends  
Something between you and me  
We'll always be best friends  
Something between you and me

We'll always be best friends  
Something between you and me  
We'll always be best friends  
Something between you and me

Six years, such a long time  
I can't give you what you need  
Six years, such a long time  
Something special between you and me

You and me  
You and me  
You and me
