I'm not going down on my knees
Begging you to adore me
Can't you see its misery
And torture for me

When I'm misunderstood
Try as hard as you can
I've tried as hard as I could to make you see
How important it is for me

Here is a plea
From my heart to you
Nobody knows me
As well as you do

You know how hard it is for me
To shake the disease
That takes the hold of my tongue
In situations like these

Some people have to be
Permanently together
Lovers devoted to
Each other forever

Now I've got things to do
And I've said before that I know you have too
When I'm not there
In spirit I'll be there

Here is a plea
From my heart to you
Nobody knows me
As well as you do

You know how hard it is for me
To shake the disease
That takes the hold of my tongue
In situations like these

Here is a plea
From my heart to you

Nobody knows me
As well as you do

You know how hard it is for me
To shake the disease
That takes the hold of my tongue
In situations like these

Here is a plea
From my heart to you
Nobody knows me
As well as you do

You know how hard it is for me
To shake the disease
That takes the hold of my tongue
In situations like these

Here is a plea
From my heart to you
Nobody knows me
As well as you do

You know how hard it is for me
To shake the disease
That takes the hold of my tongue
In situations like these
