Snowflakes are falling outside my window
But it'd be just perfect with you
Children are singing, and sleighbells are ringing
But it'd be just perfect with you
Everyone's cheering and celebrating the day that
Christ was born
Oh this is perfect
But it'd be more perfect with you

So Merry Christmas darlin'
I wish that you were here

Everyones cheering and celebrating the day that Christ
was born
Oh this is perfect
But it'd be more perfect with you

So Merry Christmas darlin'
I wish that you were here
Merry Christmas darlin'
I wish that you were here
I wish you were here
