I wanna sing  
While the ocean sleeps  
I wanna feel  
What it's like to be free  
I wanna see  
What you see in me  
I wanna to know how it feels to believe

I feel lost somehow I'm drifting away  
Was almost gone, you brought me to life again

So let me be your lighthouse  
And I'll help you find the way out  
Of here

I see the tide is coming  
Don't let it take you away from me  
there's no way I'm jumping over  
I know it's your love that saved me

Cause I was lost  
Somehow I'm drifting away

Was almost gone  
You brought me to life again

So let me be your lighthouse  
And I'll help you find the way out of here

I can see the light  
From a far away out  
But it's slowly drifting away from me

Cause I was lost  
Somehow I drifted away  
Was almost gone  
You brought me to life again

So let me be your lighthouse  
And I'll help you find the way out of here  
Let me be your lighthouse  
And I'll help you find the way out of here
