I don't wanna walk this road alone
Don't wanna carry anybody else's cross
Nobody told me what the future holds
Guess I better get on the road

(hook)

Flying down this lonely highway
With my dreams in the fast lane
Will it ever come to be
Will this dream I have become reality?

Nobody told me it would be this hard
To make my dreams come true
I know believing is half the fact
The rest is up to you
Could it be that I'm the only one
Who chose this way before
Follow your own heart they say
But am I making the right choice

(hook)

Flying down this lonely highway
With my dreams in the fast lane
Will it ever come to be
Will this dream I have become reality?

(chorus)

Oh just believe(x4) you can be(x3) anything(x3) oh
Oh just believe(x4) you can be(x4) anything(x3) oh

You can be anything you want to be(x2) just believe
You can be anything you want to be(x2) just believe
You can be anything you want to be(x2) just believe
You can be anything you want to be(x2) just believe

(hook)

Flying down this lonely highway
With my dreams in the fast lane
Will it ever come to be
Will this dream I have become reality?

ah hah ah hah yeah ah hah
I know it's hard sometimes
You're at the end of the line
Don't know what to do
Just believe
I know it's hard some days
When you think you're through
And your heart is cold
Just believe

(chorus)

Oh just believe(x4) you can be(x3) anything(x3) oh

You can be anything you want to be(x2) just believe
You can be anything you want to be(x2) just believe
You can be anything you want to be(x2) just believe
You can be anything you want to be(x2) just believe

(hook)

Flying down this lonely highway
With my dreams in the fast lane
Will it ever come to be
Will this dream I have become reality?
