She makes me laugh
She makes me cry
With a twinkle of her eye

She flies likes a bird in the sky
She flies likes a bird and I wish that she was mine
She flies likes a bird oh me oh my
I see hi si
Now I know I can't let Maggie go

We walk here and we walk there
People stop and people stare

Coz she flies likes a bird in the sky
She flies likes a bird and I wish that she was mine
She flies likes a bird oh me oh my
I see hi si
Now I know I can't let Maggie go

Woah she flies likes a bird in the sky
She flies likes a bird and I wish she was mine
She flies likes a bird oh me oh my
I see hi si
Now I know I can't let Maggie go

Oh yes she flies likes a bird in the sky
She flies likes a bird and I wish that she was (oh yes I
wish that she was mine)
She flies likes a bird oh me oh my
I see hi si
Now I know I can't let Maggie go

Ohh Ohh
