It's now or never  
It's now or never  
It's now or never  
It's now or never

I can't get off this ride  
It's going much too fast  
Trying to keep my Kool-aid in  
The bottom of a roken glass

Strap me to the rocket  
Shoot me out of here  
Checked the weather channel  
Yeah it's clear it's clear it's clear it's clear

Oh we oh we oh we oh  
To the top of the world  
I won't slide to the bottom again  
Oh we oh we oh we oh  
To the top of the world  
Yeah that's right where I'm going

To the top to the top to the top to the top  
Oh  
To the top to the top to the top to the top  
Oh

I left the motor running  
I locked the keys inside  
Just another stupid thing I do  
That's gonna waste my time

Don't think I can do it  
And then I think again  
Put your mind into it say  
I can I can I can I can

Oh we oh we oh we oh  
To the top of the world  
I won't slide to the bottom again  
Oh we oh we oh we oh

To the top of the world  
Yeah that's right where I'm going

To the top to the top to the top to the top  
Oh  
To the top to the top to the top to the top  
Oh

Press the buzzer  
Keep it fresh (oh)  
Do the math

Next in line hold on tight  
Always keep your hands inside  
It gets lonely at the top  
It blows at the bottom

Oh we oh we oh we oh  
To the top of the world  
I won't slide to the bottom again  
Oh we oh we oh we oh  
To the top of the world  
Yeah that's right where I'm going

To the top to the top to the top to the top  
Oh  
To the top to the top to the top to the top  
Oh

I left the motor running  
I left the keys inside  
From the top to the bottom  
To the bottom  
From the top to the bottom  
To the bottom

Oh we oh we oh we oh  
To the top of the world  
I won't slide to the bottom again  
Oh we oh we oh we oh  
To the top of the world  
Yeah that's right where I'm going

To the top to the top to the top to the top  
Oh  
To the top to the top to the top to the top  
Oh

It's now or never  
It's now or never  
It's now or never

It's now
