I can still remember when we were first together  
Every time you held my hand it felt just like forever  
It feels like it's not the same  
Is it me or has the weather changed  
Say what you got to say  
Something's going wrong

It's getting cold in here, baby  
And I don't what's going on  
But I feel the love is gone  
It's getting cold in here, baby  
And I don't what went wrong  
But I think you're letting go

Used to be into me  
Now you're like, whatever  
All my friends can't believe that we're still together  
It feels like something strange  
Is it you or has the weather changed  
Say what you got to say  
I'm not here to place the blame

It's getting cold in here, baby  
And I don't know what's going on  
But I feel the love is gone  
It's getting cold in here, baby  
And I don't what went wrong  
But I think you're letting go  
But I think you're letting go

Colder than it used to be  
And everything is a little bit hard  
Frozen just like you and me

It's getting cold in here, baby  
And I don't what's going on  
But I feel our love is gone  
You should know  
You should know

It's getting cold in here, baby

And I feel a chill coming on  
And I think your love is gone  
It's getting cold in here, baby  
And I don't know what went wrong  
But I think you're letting go

It's getting cold in here, baby  
Yeah, I think you're letting go  
It's getting cold in here, baby  
How could you be so cold  
It's getting cold in here, baby  
I don't know what went wrong  
But I think you're letting go
