Nehemiah, last survivor in this cynical world
Sparks come from anywhere, it's the fire that matters
Nehemiah, you are the leader, we all just follow
Sparks come from anywhere, it's the fire that matters
Hear us singing, we sing yeah yeah yeah yeah
No self pity, we sing yeah yeah yeah yeah

Friendly fire, burn the liars, don't feel like your alone
Let them all hide behind their flags and old lies
Nehemiah, sing to the stone, make it turn around
It's all decided before you're born

Hear us singing, we sing yeah yeah yeah yeah
No self pity, we sing yeah yeah yeah yeah

People come on, make a stand
Come on people try again

You're not alone when the lights go off
Stand together when it all stops

Every little second we sing, yeah, yeah, yeah, yeah
No self pity, we sing yeah yeah yeah yeah yeah...

People come on, make a stand
Come on people try again
You're not alone when the lights go off
Stand together when it all stops
