I'm just a girl who  
Kissed a boy who  
Is in love with someone else  
I didn't mean to  
Feel the way I do  
It just happened by itself

And now I'm sick inside  
Yeah, it makes me wanna cry  
I'm so sorry about last night  
Yeah, It happened so fast  
I wanted it to last  
In the moment it felt so right  
But now I'm sick inside

He stopped by my house  
We were hanging out  
He was wondering were you are  
We went walking  
We were just talking  
Then he kissed me by his car

And now I'm sick inside  
Yeah, it makes me wanna cry  
I'm so sorry about last night  
Yeah, It happened so fast  
I wanted it to last  
In the moment it felt so right  
But now I'm sick inside

Now I'm stuck with this feeling in the pit of my soul  
Guess I should of had a little self control  
I knew that it was wrong, I admit it  
I wish there was a way that I could make it alright  
I really wanna tell you that I put up a fight  
But that would be a lie

And now I'm sick inside  
Yeah, it makes me wanna cry  
I'm so sorry about last night  
Yeah, It happened so fast

I wanted it to last  
In the moment it felt so right  
But now I'm sick inside

Now I'm sick inside  
Yeah, It makes me wanna cry  
In the moment it felt so right

I'm just a girl who  
Kissed a boy who  
Is in love with you
