The signs above my head are clear to all  
An underachiever but a true believer  
Who never had a hope in hell  
I am the soldier, I am the soldier  
Who fought in the war for nothing  
I am the damage that a dream does  
I am the damage that a dream does

Sing it out, sing it out  
you're not alone  
you are not, you are not the only one  
you were lost and now you're found  
sing it out, sing it out

Sing it out, sing it out  
you're not alone  
you are not, you are not the only one  
you were lost and now you're found  
sing it out, sing it out

If i sing a song for economics  
the numbers never add up  
I am debt, I am loss, I am written off again  
and again, and again, and again  
So i walk this line alone  
I endure cause I've always known  
The only way things will ever change  
is if I try and I'm right and I'm right and I'm right

Sing it out, sing it out  
you're not alone  
you are not, you are not the only one  
you were lost and now you're found  
sing it out, sing it out

Sing it out, sing it out  
you're not alone  
you are not, you are not the only one  
you were lost and now you're found  
sing it out, sing it out

Sing it out, sing it out

you're not alone  
you are not, you are not the only one  
you were lost and now you're found  
sing it out, sing it out

Sing it out, sing it out  
you're not alone  
you are not, you are not the only one  
you were lost and now you're found  
sing it out, sing it out
