I get crazy hanging out with my friends sometimes
And I act moody and I can't remember why
But you always take me as I am
Somehow understand

If I get lost in what I'm doing
Baby I just forget to call
I know you love me, love me through it all
I could be on the road to ruin
Beating my head against the wall
I know you love me, love me through it all

I get distracted but I'll always be your girl
And I'm not flaky but there's so many things going on
in my little world
Yeah
But you always take me as I am
Somehow understand

If I get lost in what I'm doing
Baby I just forget to call
I know you love me, love me through it all
I could be on the road to ruin
Beating my head against the wall
I know you love me, love me through it all

You're always there when I'm feeling alone
Right by my side, oh
And when I'm with you it feels like I'm home
It just feels right

Get lost in what I'm doing
Baby I just forget to call
I know you love me, love me through it all
I could be on the road to ruin
Beating my head against the wall
I know you love me, love me through it all

If I get lost in what I'm doing
And my back's against the wall
I know you love me, love me through it all

I could be on the road to ruin
Beating my head against the wall
I know you love me, love me through it all

Through it all

Through it all
