Still the sound of voices whisper tenderly  
Still the sound of voices whisper tenderly  
Don't go away, don't go away

Oh the summer time, pictures in a dream  
Do the people play the game?  
And fill an empty stream  
When it comes to reasons for what is said and done  
All the lights are broken  
By another lonely tonight  
Still the sound of voices whisper tenderly  
Don't go away, don't go away

Sit you down beside me, light my darkened way  
Someone said look out for now,  
The future still remains  
Past is gone and now the day is slowly drifting by  
Look out my friend don't be a loser  
Save yourself and cry, have abandon freedom  
Don't go away, don't go away

Life can last a love time, open up your book  
Come and take a look inside this heart of mine  
I'll reveal behind my seal of endless words I say  
Pass a little love my way don't hide  
Only fools would turn a page  
And walk away from me  
Don't go away, don't go away
