You are the biggest thing since powdered milk  
Baby for me it's true  
I can give you any old thing  
'Cause you've just got to be good too  
My oh my, my kind of woman is an all time winning gal  
I hear one saddest story 'bout the lover and a man  
Oh it hurts me when I cry  
Oh woman child give it all to me

You are the biggest thing since powdered milk  
Baby for me it's true  
Well I can give you my guitar  
And songs inside are true  
You're all I'll ever want but I need you more and more  
But I don't need nobody else to give me what I came  
here for  
Oh it hurts me when I cry  
Oh woman give it all to me  
Yeah yeah yeah!

What kind of a woman will ruin my soul  
What kind of a woman would take me whole  
Oh woman to one man, no tears, my soul  
That kind of woman will ruin my home  
And when you walk in  
You'll stand twenty feet tall, stand twenty feet tall

My mind is a burning live wire to my brain  
My mind is confusing the rich with the sane  
Oh woman to one man, like rain to the snow  
Believe in me woman don't leave my home  
And when you walk in  
You'll stand twenty feet tall, stand twenty feet tall

Oh yeah  
What kind of a woman will ruin my soul  
What kind of a woman would leave me whole
