When I talk you listen
When I move you watch
I wonder what would happen
If I told you what I thought
When I tell you secrets
Somehow they all get out
Trust is everything
So what's it all about

You don't know about
You don't care about
Anything about me

So get out my life
Out of my way
I don't care
What you'll say
I've been losing this fight
Day after day
I'm not backing down
'Cuz baby I'm here to stay (here to stay)
'Cuz baby I'm here to stay (here to stay)
'Cuz baby I'm here to stay

When I signed up
To play a little game
I'd never have expected
It would turn upon this way
You dressed me all pretty
I was hanging by the strings
Waiting, waiting, waiting
For the next big thing

You don't know about
You don't care about
Anything about me

So get out my life
Out of my way
I don't care
What you'll say

I've been losing this fight
Day after day
I'm not backing down
'Cuz baby I'm here to stay (here to stay)
'Cuz baby I'm here to stay (here to stay)
'Cuz baby I'm here

You can't tell me what to do
And you can't tell me what to say
And you can't tell me what to do
And you can't tell me what to say
And you can't tell me what to do
And you can't tell me what to say
Anymore!
Anymore!!

So get out my life
Out of my way
I don't care
What you'll say
I've been losing this fight
Day after day
I'm not backing down
'Cuz baby I'm here

So get out my life
Out of my way
I don't care
What you'll say
I've been losing this fight
Day after day
I'm not backing down
'Cuz baby I'm here to stay (here to stay)
'Cuz baby I'm here to stay (here to stay)
'Cuz baby I'm here to stay
