I'm just a girl who
Kissed a boy who
Is in love with someone else
I didn't mean to
Feel the way I do
It just happened by itself

And now I'm sick inside
Yeah, it makes me wanna cry
I'm so sorry about last night
Yeah, It happened so fast
I wanted it to last
In the moment it felt so right
But now I'm sick inside

He stopped by my house
We were hanging out
He was wondering were you are
We went walking
We were just talking
Then he kissed me by his car

And now I'm sick inside
Yeah, it makes me wanna cry
I'm so sorry about last night
Yeah, It happened so fast
I wanted it to last
In the moment it felt so right
But now I'm sick inside

Now I'm stuck with this feeling in the pit of my soul
Guess I should of had a little self control
I knew that it was wrong, I admit it
I wish there was a way that I could make it alright
I really wanna tell you that I put up a fight
But that would be a lie

And now I'm sick inside
Yeah, it makes me wanna cry
I'm so sorry about last night
Yeah, It happened so fast
I wanted it to last

In the moment it felt so right
But now I'm sick inside

Now I'm sick inside
Yeah, It makes me wanna cry
In the moment it felt so right

I'm just a girl who
Kissed a boy who
Is in love with you
