There's a train leaving somewhere from a station
There's a plane to almost anywhere every hour on the
hour

I can walk down any street
Put miles under my feet
Moving on nothing but willpower

(Chorus)

So tell me why can't I get to you
How can I make you feel
Everything that I do
If faith can move mountains
And love will see you through
Then tell me why can't I get to you

I can't live in the silence that's come between us
Wonderin where you are even when you're holding me
So tonight don't turn away
Say what you need to say
You owe this love the honesty

So tell me why can't I get to you
How can I make you feel
Everything that I do
If faith can move mountains
And love will see you through
Then tell me why can't I get to you

(Bridge)

Maybe there's a river I haven't crossed
Maybe there's a bridge you need to burn
I'm gonna keep searching even though we're lost
Keep on believing, there's another corner that we might
turn

So tell me why can't I get to you
How can I make you feel
Everything that I do
If faith can move mountains
And love will see you through
Then tell me why can't I

No matter how I try
Why cant I... get to you
