She's got a rose in her smile
She says she knows and she does

And her mind aches
And her heart breaks
'Cause she's silly [unverified]

Gonna teach her to sin
'Cause I'm always knowing where she's been
Livin' on the wrong side of the tracks
And you know she's never coming back

She's got a smile like a flower
She looks so fine by the hour

But her mind aches
And her heart breaks
'Cause she's silly [unverified]

Gonna teach her to steal
'Cause I'm always knowing how she feels
Livin' on the wrong side of the tracks
And I know she's never coming back

Oh no

And her mind aches
And her heart breaks
'Cause she's silly

To me, to me
