Can't face the truth
you're at war with reality
You're a fucking fruit
I think you brake destiny
Can't face the truth
you're at war with reality
You're a fucking fruit
I think you brake destiny

Blood! On! Your! Hand!

Blood! on your hand
Face the world
Face reality
Psychopath insanity
You'll rather be dead
You cannot be innocent
Murder is your vengeance

Hatred had burn memories
Nightmare is still here
I don't care about
what you live in the past
How many life will it takes
to cover you traaaaaap
Die
No Redemption for the innocent

Break free!

Can't face the truth
you're at war with reality
You're a fucking fruit
I think you brake sanity
Can't face the truth
you're at war with reality
You're a fucking fruit
I think you brake sanity
