Illusion!

Watching you fall in the detention
of shooting crap you have no reason
Don't understand your motivation
Live in the street, without protection
Live like a rat with no intentions
It's not the path of my convictions
Again and again, the shooting session
It's being killed by too much pression

Self-destruction, drug abuse
Illusion No excuse
Self-destruction, excess use
Illusion Too confused

Listen to me
and don't be crazy
Take a look at me
and I will help you to see
What kind of man
you would like to be
Did you understand?
You will never be junky

It's a big illusion (x2)

You loose your life with drug injection
To forget your depts, it's not the solution
Raise your hand and come in the action
See the day light and find a passion
Change your way, stop drug infusion

Killing yourself without a good reason
Live with shooting, a big illusion

Please listen to me (listen to me)
don't be crazy (and don't be crazy)
Listen to me (Take a look at me)
Listen to me
and I will help you

Self-destruction, excess use

Illusion No excuse
Self-destruction, excess use
Illusion Too confused
by this fuckin'abuse
