The end!  
I belive in equal rights  
what's wrong  
I belive in future sight  
clean the bowl and start the fight  
I belive in you and me  
teenage youth insanity  
I belive in what I see  
from coming end I'm not free  
from darkness of armagedon  
from witness of the destruction

The end (bis3)  
I'm not free from darkness  
The end (bis3)  
I'm not free from darkness

GO!

I've failed to keep one's promises  
and to bear the eternal shame  
involved in a world wide religion  
the blood had fall like the rain

I am negative  
when I think of my future  
Can't be positive  
in this world full of jerks

God, where are you?  
How can I still belive in you?  
Full of lies had confused the truth  
Fake saviour, wrong beliefs, untruth

the end is near, it's time to clear  
the end is near, I have no fear  
from the end (bis)  
The end is near, it's time to clear  
the end is near, I have no fear
