World of hate, keep the faith
hell on earth has been created
world of hate, keep the faith
mass-destruction, exterminate
world of hate, keep the faith
desillusion of the state
world of hate, keep the faith
time to change, it's maybe too late

Change

We live in a world of hate
the hell on earth has been created
the mass is exterminated
but be sure we all keep the faith
Please no more lies, please no more tears
fight for your rights without tears
the end of time is not clear
armagedon, we are near...

there's no justice with the destruction
broken dream a fucking decision
present sky and all the GOD's creation
spit on this, you've got no reflexion

our band try to tell the truth
from what's happen from north to south
pollution, waisted roots, there's no future for teenage
youth
for teenage youth!

heel on earth has been created
world of hate, keep the faith
mass-destruction, exterminate

There's no justice with destruction

It's time to make a change
I have heard too many lies
too much things not justified
corruption behind my eyes
government or FBI?

our bullshit existance
based on war and resistance
weapons, sex, frauds and subsistance
the biggest wave of ignorance
in this world of hate!

satisfaction is far away
pollution need stop to stay
perfection : paradise key
more action to see the day
in this world of hate
