I don't wanna put on my make-up
Just like every girl in the magazine
That's not who I am when I wake up
That's not who I wanna be

There's so much more to me than meets the eye
In this life, I know one thing

Doesn't really matter what you wear
Let the people stare 'cause we are who we are
Who we are, who we are

Doesn't really matter what car you drive
It's good to be alive
Yeah, we are who we are
Who we are, who we are, who we are

Tell me baby, do I look like the real thing
Or would you change the color of my eyes?
Tell me why my television's filling me with lies

It doesn't really matter what you wear
Let the people stare 'cause we are who we are
Who we are, who we are

Doesn't really matter what car you drive
It's good to be alive
Yeah, we are who we are
Who we are, who we are

There is beauty on the inside
Yeah, you're beautiful alright

No, it doesn't really matter what you wear
Let the people stare 'cause we are who we are
Who we are, who we are

It doesn't really matter what car you drive
It's good to be alive
Yeah, we are who we are
Who we are, who we are

Doesn't really matter what you wear
Let the people stare
It's good to be alive
Good to be alive

Doesn't really matter what car you drive
It's good to be alive who we are
Are who we are, who we are, who we are
Who we are

It's good to be alive, good to be alive
When we're who we are
