Leave don't feel ashamed

Run forever 'cause I just can't escape from this.

Gone,  
Don't be afraid  
Run forever don't mind about me  
Leave me here  
Don't feel ashamed  
Run forever 'cause I just can't escape from this...  
(together)

I'm out of words you say  
It's gone to the stars together  
We'll find a better place to FLY AWAY

Just leave me here

Run forever,  
This is my last six years home  
It's gone to the stars together this is my last six years  
HOME!  
I'm out of words you say  
It's gone to the stars together this is my last  
Six years!
