

Hopesfall

"Only The Clouds"

Visit "[Only The Clouds](#)" on MotoLyrics.com

Sleep never comes quick enough
To protect us
There is no shelter in the present
From the ghosts of the past

Like well driven nails
Memories dig their claws in our backs

Revealing our black hearts
Unable to forgive ourselves
Revealing our black hearts
Unable to forgive ourselves

Our parched mouths pray for rain
And only the clouds bear witness
As we wither away

Our parched mouths pray for rain
And only the clouds bear witness
As we wither away
