I love my life, I love my life, I love my life  
It's in me, it's in me, it's in me, it's in me

The greatest gift that Jah gave to mankind  
To live on his land and to praise him, true and kind  
That's why I love him so  
For this life that he gave to me

No matter what come upon me, I'm dead, yes (??)  
No matter what come upon me, I'm dead, yes  
This life that Jah gave to me  
I say, no matter what come upon me, I'm dead, yes  
No matter what come upon me, I'm dead, yes

This life that Jah gave to me  
Oh yeah! Oh yeah! Whoah yeah! Whoah yeah!  
This life that Jah gave to me

My brother, my sister, oh, love your life  
Ooh, my mama, wi' my papa, love your life  
Coz Jah never forget, no, no, no  
Oh, love your life, praise him every day

Whoah, no matter what come upon me, I'm dead, yes  
No, no matter what come upon me, I'm dead, yes  
This life that Jah gave to me  
Oh, this beautiful life that Jah gave to me  
Protect your life in this time, protect your life  
Oh, ooh oh yeah, you gotta love your life

Brother, get your years (??)  
My mama wi' my papa, love your life, yeah yeah  
My brother and my sister, love your life  
Remember if it wasn't Jah  
We wouldn't be living, so..  
Protect your life, in this time...
