The skylarking, the skylarking  
That's what youth do today  
The skylarking, the skylarking  
Before they stand up firm on their feet

Get a little work, a little work  
And earn their bread honestly  
Begging you a five cent, Sir  
Begging you a ten cent, Sir  
Cannot help, no, cannot help!  
So if youll keep on doing what you all are doing  
You will end up, up, up in jail!

Begging you a five cent, Sir  
Begging you a ten cent, Sir  
Cannot help, no, cannot help!  
So if youll keep on doing what you all are doing  
You will end up, up, up in jail!  
So if youll keep on doing what you all are doing  
You will end up, up, up in jail!

The skylarking, the skylarking  
That's what youth do today  
The skylarking, the skylarking  
Before they stand up firm on their feet
