Open the curtains  
Don't feel low  
When he looked in your eyes  
What was it you saw  
Take your eyes from the wall  
You're as ya sister  
Well, I don't know  
I thought I missed her  
Why d'ya wanna go when you done it?  
He might feel your smell  
It is not so bad but you are worse  
I used to hurt you when you yell  
Chorus:  
You don't know what you're doing  
You don't know why you're here  
That you are going  
Is what he fear  
He has everything you can get  
When you take him to bed  
He won't to do it now  
And you wish he was dead  
Put your fingers on the desk  
'Cause you don't wanna crack  
He only wants to see you broke  
When you take him to the duck  
Why do you are so incredible  
Day after day, night after night  
You sat there and waited alone  
And take arms against a see of light  
Why d'ya wanna go when you done it?  
He might feel your smell  
It is not so bad but you are worse  
I used to hurt you when you yell  
Chorus:  
You don't know what you're doing  
You don't know why you're here  
That you are going  
Is what he fear  
He has everything you can get  
When you take him to bed  
He won't to do it now

And you wish he was dead
