I've been burnin' all my bridges, I've been rootless for  
so long  
A carefree gypsy not even knowing right from wrong  
A wayward child swearing nobody would ever hold me  
down  
I've been livin' like a drifter, I've been wandering on  
and on  
A restless rambler always on the run  
Here today, gone tomorrow and never looking back

But after all these years spent livin' on borrowed time  
I can feel a void in my heart  
When I face the brutal truth I see my life ain't worth a  
dime  
And I'm longing for a brand new start

Caught in the middle, out of my mind  
I've got to have a change 'cause my future's on the line  
Caught in the middle, shot by both sides  
I'm branded by my past, can I leave it all behind?

I've been drinking with the devil, I've been stepping out  
of line  
Playing with fire, no stranger to sin an' crime  
Down an' dirty, walkin' on the border of the danger  
zone  
I've been stumbling in the darkness, I've been left out  
in the cold  
Slippin' an' slidin', losin' all control  
An outcast heading for the gutter down on skid row

When I thought that I was alive I was just trying to  
survive  
Driving fast on a road to nowhere  
Now my back's against the wall 'cause I finally realize  
That I'm alone with no-one who cares

Caught in the middle, out of my mind  
I've got to have a change 'cause my future's on the line  
Caught in the middle, shot by both sides  
I'm branded by my past, can I leave it all behind?

Caught in the middle, out of my mind  
I have to make a choice, it's a case of do or die  
Caught in the middle, out of my mind  
I know I've gone too far, will I have to pay the price?
