Even though you don't wanna tell, I can read in your eyes
And I wish I could open your cell, bring you back to life
A broken heart in a dead end street, looking back on the past
You won't heal your scars like this, how long will you last out?

Don't hide in the shadow - You must fight
Don't hide in the shadow - See the light
Don't hide in the shadow
Don't hide in the shadow
Don't hide in the shadow anymore

You've been mistreated, torn apart, you've been down on your luck
You hesitate to open your heart now that you've been struck
But you can't spend your life on your own, you'll have to change your mind
When you'll get tired of being alone, call me anytime

Don't hide in the shadow - You must fight
Don't hide in the shadow - See the light
Don't hide in the shadow
Don't hide in the shadow
Don't hide in the shadow anymore

You've had your share of tears and sorrow but that time is over
You'd better try to think of tomorrow, pull your self together
Turn the page, today you're through, put a smile on your face
You've got your life ahead of you, you've got no time to waste

Don't hide in the shadow - You must fight
Don't hide in the shadow - See the light
Don't hide in the shadow
Don't hide in the shadow

Don't hide in the shadow

Don't hide in the shadow - You must fight

Don't hide in the shadow - See the light

Don't hide in the shadow

Don't hide in the shadow

Don't hide in the shadow anymore
