Waking up from dream.  
Or falling in to it.  
I don't know - I can't tell.  
Please tell me - Please save me.  
Alone - Existence falls.  
Six months of suffering - Illusion staged.  
Two fear full worlds - An ego maze.  
Clash of the titans - An endless game of morn.  
Is it a sin in your sleep?  
I will never awake again.  
Keep my gift.  
Free from being little man.  
Alone - Existence falls.  
Six months of suffering - Illusion staged.  
Two fear full worlds - An ego maze.  
Clash of the titans - An endless game of joy.
