[Katrina:]

I walk into the spot so hot  
They've got all their eyes on me  
Nobody says that I'm not  
The star of all their dreams

[Katrina:]

If you don't like it, please jerk off  
I'm so much better than you  
It's like sputter, die, choke, then cough  
It's their minds they lose

[Chorus - both:]

I got everyone's attention as I grab the mic  
I'm turning to the DJ, he thinks I look nice  
Even when I leave, my presence is still in linger  
Sorry jealous girls, I got the boys around my finger  
Sorry jealous girls, he says "I don't want you, it's her"

[Karyn:]

They give me a dirty glance  
As I walk on by

[Katrina:]

Trying to get in my pants  
They know I'm not so shy

[Katrina:]

But I'm not the kinda girl  
Who sleeps with anyone  
Need someone to rock my world  
Need a boy who's fun

[Chorus - both:]

I got everyone's attention as I grab the mic  
I'm turning to the DJ, he thinks I look nice  
Even when I leave, my presence is still in linger  
Sorry jealous girls, I got the boys around my finger  
Sorry jealous girls, he says "I don't want you, it's her"

[Katrina:]

Dirty boys, can I get a 'yeah'?

(Hell yeah! Hell yeah! )

[Karyn:]

Sexy boys, do it louder than that!

(Like that? Like that?)

[Karyn:]

Ooh I think they like what they see

It's very plain to tell that it's me

[Chorus - both:]

I got everyone's attention as I grab the mic

I'm turning to the DJ, he thinks I look nice

Even when I leave, my presence is still in linger

Sorry jealous girls, I got the boys around my finger

Sorry jealous girls, he says "I don't want you, it's her"

[Chorus - both:]

I got everyone's attention as I grab the mic

I'm turning to the DJ, he thinks I look nice

Even when I leave, my presence is still in linger

Sorry jealous girls, I got the boys around my finger

Sorry jealous girls, he says "I don't want you, it's her"
